Introduction

We are the research crowdfunding website named **GRANTLOOM.BRIZY.SITE** to promote and propogate. The scientific and non scientific researches in our country.

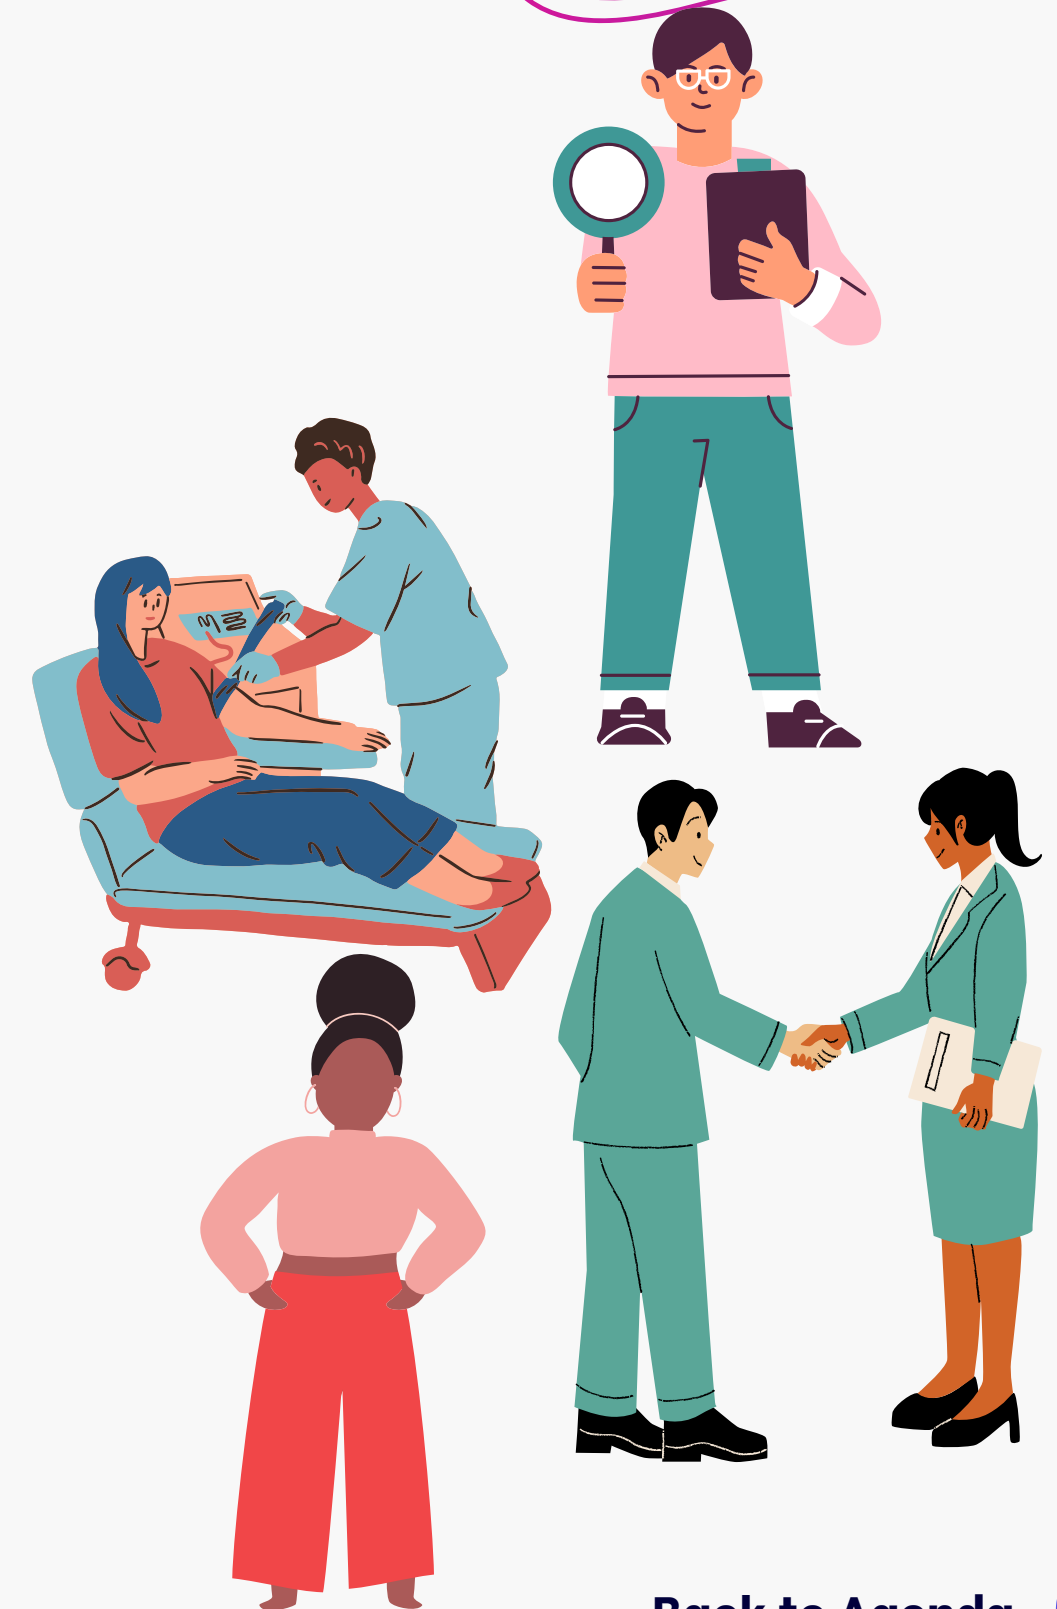

Due to lack of private fund financers for research project in india we come up ,and fill the huge gap in number of researches and institutes supporting them.

to resolve the problem we come with the solution "GRANTLOOM.BRIZY.SITE" which help them in there fund raising process.

What our website is doing?

- Our fundraising platform is used by researchers to arrange fund for there next big research project.
- We are connecting research project doners with researches.
- Individuals and organizations both can take part as doners.
